## 百年邮政局的由来

**MUSLIM FRIENDLY**

如果要在 Jalan Panggong (加入 Jalan Petaling 的尽头) 寻找最具特色的建筑采用英式风格设计, 那就是这个旧邮局。它已闲置多年, 似乎再也无法承受破坏性的状况。

这栋双层建筑结合了马来和都铎风格的建筑, 建于1911年, Squarish 车身采用斜门, 底层由水泥墙组成, 而一楼则由木制围栏构成。您可以在前面红瓦屋顶下方看到独特的黑白木条装饰。

据说, 在过去, 当交通不方便时, 每当载有邮件的轮船到达巴生港口时, 当局都会将电报传送到吉隆坡。此后, 这个旧邮局将举起一个红旗, 表示并告知公众邮件将很快到达。

If one were to look for a building with the most distinguishing feature at Jalan Panggong (which joins the end of Jalan Petaling), this is building is in British Style design, it would have been this old post office. It had been left idle for many years and seemed to be unable to withstand the devastate condition any longer.

The double storey building which combines Malay and Tudor style architecture was build in 1911. Squarish body with slanting door, the ground floor comprises of cement wall, whilst the first floor comprises of wooden enclosing rail. You can see the distinctive black and white wooden strip decor below the red tile roof at the front.

It is said that in the old days, when transportation is not convenient, each time when the steamship which carry mails arrives at Klang port, the authority will transmit telegrams to Kuala Lumpur. There after, this old post office will raise a red flag signifying and informing the public that mails will be arriving soon.
